Dr. Chris Ballenger, Superintendent of Warren County Public Schools (WCPS), reported the 2021-2022 school year concluded on Thursday, June 2nd, and graduation ceremonies for Warren County and Skyline High Schools were held on Saturday, May 28th.

He then provided an overview of the security enhancements and adjustments WCPS has made over the past two years and more recently, stemming from the shooting at Robb Elementary School in Texas that happened on May 24th. He said WCPS has a great working relationship with the Warren County Sheriff's Office, a crisis management plan that is reviewed on an annual basis, a threat assessment team at each school comprised of teachers, and safety audits conducted practically daily by the School Resource Officers (SROs). WCPS is also seeking security grants from the Virginia Department of Education and is transitioning from traditional keys to keycards.

Due to it being 9:30 AM, Mrs. Cullers stopped Dr. Ballenger's report in order to begin the public hearing.

Public Hearing – Ordinance to Amend and Re-Ordain Section 6-1(A) of the Warren County Code re: Warren County Airport Commission – Caitlin Jordan

Caitlin Jordan, Senior Assistant County Attorney, reported in November 2018, the Board of Supervisors approved a modification to the Front Royal-Warren County Airport Commission bylaws to remove the County residency requirement for Commission members. The justification for this amendment was that the Airport serves the entire region, not just Warren County, and it is reasonable to include members who do not reside in the County. The Warren County Code was not updated at that time, and this ordinance would remove the residency requirement from the Code to match the bylaws.

Mrs. Cullers opened the public hearing. There being no comments from the public, Mrs. Cullers closed the public hearing.

On a motion by Mr. Mabe, seconded by Mrs. Cook, and by the following vote, the Board of Supervisors adopted the proposed ordinance to amend and re-ordain Section 6-1(A) of the Warren County Code to remove the residency requirement for membership to the Warren County Airport Commission:

Butler, Aye; Oates, Aye; Cullers, Aye; Cook, Aye; Mabe, Aye

Report – Warren County Public Schools (Continued)

Mrs. Cook asked if the camera systems at the schools can be accessed by entities/ individuals other than the SROs, and Dr. Ballenger replied that the cameras can be accessed by the Sheriff's Office as well. Mrs. Cook then questioned how often the cameras are monitored, and Dr. Ballenger stated the SROs monitor the cameras when they are in the office. They are not monitored every moment of the school day.

Purchase of Public Safety Annual Physicals and Approval of Carryover of Funds from FY 2022 to FY 2023 – Chief James Bonzano/Alisa Scott

Mr. Ham had requested that this item be pulled for discussion because he would like Fire Chief James Bonzano to speak with a partner in his firm whose focus is employment law. He would like the Board to table this item to the June 28th meeting to allow Chief Bonzano this opportunity.

Gerry Maiatico, Fire Marshal, said the primary reason for this carryover request is to ensure there is funding in place for the Department to lock-in the desired dates for annual physicals. He is worried that if the Board delays approval of this request, the Department will lose the desired dates; the vendor is already scheduling into 2023. Mr. Ham amended his original request and said he had no problem if the Board moves forward and approves this item. He was not aware there was a time-sensitive aspect to this request.

Mrs. Cook asked if this fund carryover would increase the budget level for FY 2022-2023, and Alisa Scott, Deputy Finance Director, said it would not technically increase the budget as it is an encumbrance. The carryover would extend the period of time for the Department to expend funds into fiscal year 2022-2023. Mrs. Cook then asked if the cost of the annual physicals was underestimated, and Ms. Scott said it was not. The Department is jumping into Phases 2 and 3 of this program early to get the scheduled dates that are most desirable. Phase 1 was for full-time operational employees of the Department, and Phases 2 and 3 will include all part-time employees and volunteer responders of the Department in addition to the full-time operational employees.

On a motion by Mrs. Oates, seconded by Mr. Mabe, and by the following vote, the Board of Supervisors approved the transfer of \$26,000 from FY 2022 to FY 2023 for the purchase of Occupational Health Services from Life Extension Services, Inc., and further authorized the Chair and County Administrator, either of whom may act, to execute all necessary documents in concurrence with the County Attorney to purchase the Occupational Health Services from Life Extension Services, Inc. on behalf of the County:

Renewal of Annual Term Contracts – Caitlin Jordan/Alisa Scott

Mrs. Cook requested the removal of these ten (10) contracts due to each cover sheet stating “There is no request for additional funding for FY23” under the “Cost and Financing” section. She questioned why an exact cost estimate was not provided. Dr. Daley noted that the Board approves the Professional Services line item as part of the County’s budget, which means the Board has essentially created its own cost estimate within the adopted budget. Ms. Scott further noted that before a project begins, an estimate is given to the County from the contractor, and her desire is for the County to work towards a “do not exceed” clause with each major purchase order. Mike Berry, Public Works Director, also commented that if a project is anticipated to go beyond its original funding scope, an appropriation request is submitted to the Board for approval.

Mrs. Cook then questioned why the Board was being asked to approve contracts that have had their periods of performance (POP) expire. The contract with Frederick Andreae Architects expired on January 9, 2022; the contract with Land Planning & Design Associates expired on January 22, 2022; and the original 2014 contract with Racey Engineering, PLLC, included a clause for four (4) additional one-year extensions but has been extended and renewed six (6) times. Ms. Scott said these contractors are all currently providing services to the County on specific projects, and the proposed extensions are for those projects only. Once those projects are complete, so too will the contract, and there will be a new bidding process for the services.

On a motion by Mrs. Cook, seconded by Mrs. Oates, and by the following vote, the Board of Supervisors approved the renewal of annual term contracts with B&B Excavating, Carroll Construction, Chesterfield Insurers General Excavation, Inc. (GEI), H&W Construction, LaBella Associates, and Walnut Hollow Farm as presented and tabled the annual term contracts with Frederick Andreae Architects, Land Planning & Design Associates, and Racey Engineering, PLLC for further discussion:

Purchase of Self-Contained Breathing Apparatus (SCBA) Replacement Equipment from ESA Lane Fire Loss Funds – Chief James Bonzano/Alisa Scott

Mrs. Cook pulled this item due to the “Cost and Financing” portion of the cover sheet indicating that no new funds are being requested and yet the purchase price is over \$20,000 more than originally estimated. Mr. Maiatico said the Department had set aside funding for this apparatus replacement but did not anticipate the drastic market increases and inflation that have occurred over the past year. This request would transfer the needed additional funds from other line items with excess funds to the SCBA Program line item to cover the additional costs.

On a motion by Mrs. Cook, seconded by Mr. Mabe, and by the following vote, the Board of Supervisors approved the purchase of Self-Contained Breathing Apparatus for \$88,150.00 from Atlantic Emergency Solutions on behalf of Warren County and further authorized the

County Administrator sign a purchase order to Atlantic Emergency Solutions for the acquisition of the SCBA Equipment in the amount of \$88,150.00:

Mabe, Aye; Cook, Aye; Cullers, Aye; Oates, Aye; Butler, Aye

Purchase of Emergency Medical Services (EMS) Treatments and Support Equipment – Chief James Bonzano/Alisa Scott

Mrs. Cook pulled this item due to the statement in the cover sheet that “the equipment will be made available to the Chester Gap VFD”. Mr. Maiatico confirmed the purchased equipment would be the property of Warren County, but instead of the equipment sitting in a cabinet as reserves, they will be provided to Chester Gap Volunteer Fire Department to be put in service. The County has a Memorandum of Agreement with Chester Gap VFD for partial staff funding because 60% of its service calls are to Warren County, and providing the reserve equipment to Chester Gap will ensure equipment is deployed on all active units.

On a motion by Mrs. Oates, seconded by Mrs. Cook, and by the following vote, the Board of Supervisors approved the interfund transfers of \$20,484.60 for the purchase of the LUCAS and McGrath standardized EMS Transport Vehicle Equipment and preventative service agreement for \$67,484.60 and further authorized the Chair and County Administrator, either of whom may act, to execute all necessary documents that have been approved by the County Attorney or the Assistant County Attorney to purchase the LUCAS and McGrath equipment per the firm fixed priced cooperative contract with NASPO on behalf of the County:

Butler, Aye; Oates, Aye; Cullers, Aye; Cook, Aye; Mabe, Aye

At this time, Mrs. Cullers called for a five-minute recess, and the meeting was reconvened at 11:20 AM.

Approval of FY 2020-2021 Audit – Matt Robertson

Matt Robertson, Finance Director, reported the final audit for FY 2020-2021 has been received from Robinson, Farmer, Cox Associates and has been provided to the Board members and posted on the website for public consumption.

Mrs. Cook noted auditor Michael Lupton’s finding in this audit on the need for better internal controls and wondered what corrective action has been or will be put in place for bolstering these controls. Mr. Robertson replied that training on the correct standards for all Finance Department staff is the top priority as well as the establishment of set procedures for closing out the fiscal year. There was an issue of inconsistency on procedures due to the County having multiple Finance Directors over a short period of time. The Department is in the process of developing a procedure manual that will go over how to properly close out the fiscal year.

Mrs. Cook commented on the lack of completed audit for the Economic Development Authority (EDA) for fiscal years 2019-2020 and 2020-2021. Mr. Robertson said Robinson, Farmer, Cox Associates (RFC) is working to acquire the baseline auditing work from Brown Edwards, the auditing firm that completed the EDA's prior audits for fiscal years 2017-2018 and 2018-2019. This request is currently making its way through the legal department for Brown Edwards. Once this information is obtained, RFC will be able to bring the EDA's audits up to date, and the EDA portion will remain a separate component of the County's overall audit (like the School Board).

On a motion by Mrs. Cook, seconded by Mr. Mabe, and by the following vote, the Board of Supervisors approved the FY 2020-2021 audit as presented:

Mabe, Aye; Cook, Aye; Cullers, Aye; Oates, Aye; Butler, Aye

Request – Approval of Prioritization Plan for the Hardsurfacing of Secondary County Roads through the Virginia Department of Transportation – Mike Berry

Mike Berry, Public Works Director, reported that VDOT had suggested that Warren County develop a ranking system for prioritizing hardsurface improvements in Warren County. In 2021, the Board of Supervisors held several work sessions to discuss a rating system and policy for Hardsurfacing Secondary Roads. Similar policies and rating systems for surrounding localities were reviewed and discussed during this time. Additionally, representatives from VDOT were in attendance and provided comments and recommended protocols.

The proposed policy and rating system was reviewed with VDOT and also updated to incorporate comments and rating concerns received from the Board of Supervisors. The Board will have the authority to revise the Hardsurface Improvement Projects sections of the Warren County Secondary Road Improvement Plan subsequent to the applications of the rating system. It should also be noted that the final Secondary Road plan is approved by the Board of Supervisors after a public hearing. This policy will be used to ensure consistency for existing and future hardsurface road improvement requests.

Mrs. Cook asked why the Planning Department would be maintaining the information related to the road rating system application and not the Public Works Department. Mr. Berry responded that Planning Department staff would have the knowledge of any conditional use permits or other uses on the properties along the roads on the priority list that could be impactful for the rating. The Public Works Department will be a large part of the review and implementation of the list.

On a motion by Mrs. Oates, seconded by Mrs. Cook, and by the following vote, the Board of Supervisors implemented the Hardsurface Improvement Policy and Rating System as presented:

Butler, Aye; Oates, Aye; Cullers, Aye; Cook, Aye; Mabe, Aye
